Dear Sir,

I would like to express my deepest concern regarding the recent events in the Srebrenica area which resulted in the forced displacement of some 40,000 individuals. It has been reported that as a result of these events several thousand individuals are unaccounted for and there is fear that many of these have either been killed or detained.

I believe that a proper investigation and evaluation is required without delay in order to ensure a complete accounting regarding said allegations.

I would therefore appreciate your cooperation in allowing the field staff of the United Nations Centre for Human Rights to assess the human rights situation in areas under your control, in particular by granting access to those who have been detained during the recent events.

Yours sincerely,
